

# Centre for Innovative Medicine (CIM) Project Management & Monitoring

## Oncology (Genitourinary)

### REGISTRIES

Investigator Initiated

Multicenter Registry (16 National Sites)

14 Academic Centers, 2 Community Centers

n=7500

Local REB

Redcap Database

Remote Monitoring/Quality Checks

## Infectious Disease (COVID-19)

Sponsor-Investigator driven

Multicenter with Canadian & US based sites (4 sites)

Interventional Drug Trial/RCT (n=3000)

Experimental Drug Trial - Phase III

HC & FDA regulated

Local and Central IRB/REBs

MUHC and Central Labs

Study includes external Vendors/CROs

(EDC, Randomization platform, Central Labs, study supplies  
etc.)

Remote Monitoring

## Oncology (Genitourinary) Trials

Sponsor-Investigator driven

MUHC (Single site)

Experimental Drug Trial (n=25)

Phase II

MUHC Local /REB

HC regulated

MUHC Labs

EDC- Redcap Database (Included CORE DM and Biostatistician)

On-site Monitoring

## Pain Management

### REGISTRIES

Sponsor-Investigator driven

Multicenter study (71 Quebec sites)

n=3000

Local REB

EDC- Paper + REDCap Database

On-site Monitoring

## Pediatrics and Human Genetics includes Bio banking

Observational Trial (n=5000)

Sponsor-Investigator driven

Multicenter / Canadian based (9 sites)

Local Site REBs (Institutional)

MUHC and US as Central Labs

MUHC Biobank (Sub study)

EDC- Redcap Database, managed by the PM

On-site and Remote Monitoring

## Pain Management Trials

Monitoring Sponsor Trials

Multicenter / Canadian based (5 sites)

Pilot Medical Device Trial/RCT (n=30)

Local and Central IRB/REBs

Health Canada Regulated

On-Site & Remote Monitoring

## Virology Trials

Sponsor-Investigators driven Trials

Multicenter with Canadian sites

Interventional Drug Trial and Natural Product Trial (pilot trial)

RCT ≥ 30

Experimental Drug Trial - Phase IIb and IV

Local and Central IRB/REBs

Health Canada Regulated

EDC, Randomization platform, etc.

On-site and Remote Monitoring

## Pediatric Trials

Sponsor-Investigator driven

Canadian site

Experimental Drug Trial - Phase Ib (pilot trial)

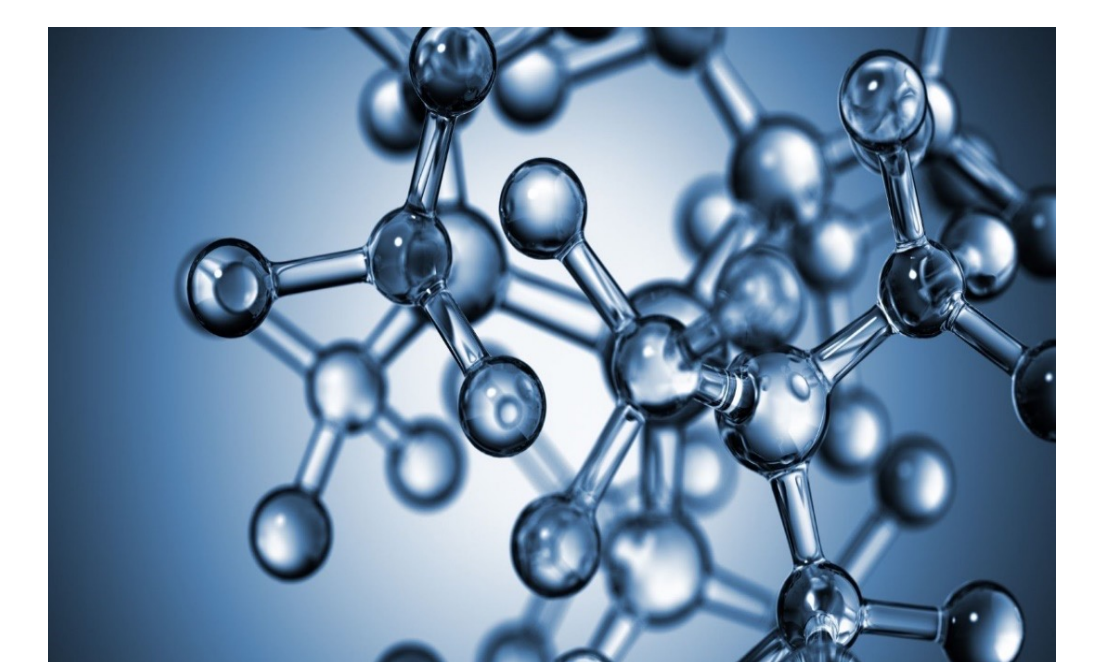

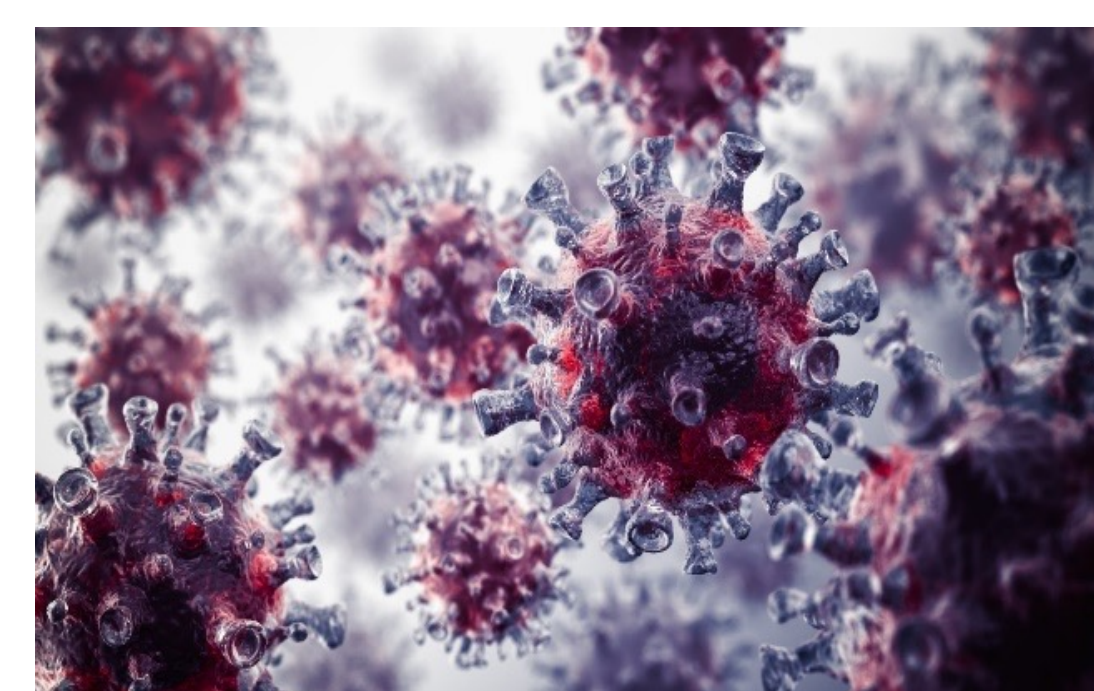

RCT ≥ 30

Local IRB

Health Canada Regulated

Using paper CRF

Onsite and remote monitoring

The CIM Project Management and Monitoring Team have contributed to the success of many past and present Studies. The Team brings extensive experience and knowledge to the table. We provide daily support to the Sponsor-Investigator, their Teams and the Trial as a whole.
