

MONDAY NOON SEMINARS

Benjamin M. Smith, MD, MSc, FRCPC

Associate Professor, Faculty of Medicine and Health Sciences, McGill University
Scientist, RI-MUHC
Respirologist, Montreal Chest Institute of the McGill University Health Centre

April 4, 2022, 12-1 PM

Airway Trees in the Anthropocene

Seminar Highlights

- To provide an evolutionary perspective on airway tree structure
- To define resilient vs susceptible airway trees using hard clinical endpoints
- To probe early-life etiologic factors, mechanisms of disease susceptibility and clinical utility
